Employment Experience

WorldStrides

Program Office Manager, May 2021 - August 2021

- Worked as the Program Office Manager for Envision's Pathways to STEM summer program.
- Organized and filed documents, managed the schedule, maintained reports, and assisted clients.

Dascena Labs

Site Assistant, February 2021 - April 2021

- Worked as a site assistant to clients and healthcare professionals at a COVID-19 testing facility.
- Built the site, assisted and registered clients, entered data, and prepared PCR testing kits.

Bucknell University

Researcher, May 2019 - August 2019

- Led independent research within Bucknell University's Emerging Scholars program.
- Worked on a Digital Humanities project supported by the Douglas K. Candland Undergraduate Research Fund.
- Worked with primary documents from the Salem Witch trials to create an interactive digital timeline with TimelineJS.

Projects

Completion of Honors Thesis, January 2020 - November 2020

- Wrote and defended an Honors Thesis at Bucknell University in front of the honors committee.
- Wrote "The Finnmark, Norway Witch Trials: Discerning Patterns from the Archives."
- Worked with primary and secondary documents, organized my findings via Excel, and digitally mapped my findings via Palladio and ArcGIS.

Conferences

Swansea University, May 2019

Invited to and attended Swansea Translating and Interpreting Group's Computer-Assisted Literary Translation conference at Swansea University.

University of Alberta, March 2021

Guest speaker at the Digital Humanities Student Association's Digital Humanities Conference (DiHuCon) at the University of Alberta. Spoke about gender and technology in my Finnmark, Norway research.
